

Sulfur as a "tank-mix" partners for Peanut Leaf Spot

- These 6 have performed well at 5 lb/A
- Microthiol Disperss
- Microthiol 80W
- Drexel Sulfur 80W
- Drexel Suffa 6F
- TechnoS 90W
- Accoidal 80WG

- Kolla 6F (OK, but not as good as those above)
- Yellow Jacket 90W (not currently recommended for leaf spot mix partner)
